

DAFNI™

IMPORTANT SAFETY INSTRUCTIONS and USER MANUAL

READ ALL INSTRUCTIONS BEFORE USING

DANGER: To reduce risk of electrocution

Dafni brush should be used only with products specifically designed for use with a heated hairstyling.

Warning: keep away from water

1. Never use the Dafni brush in the bathroom, basin or any other application where it could come into contact with water.
2. Do not place or store the appliance where it can fall or be pulled into a bath, basin or sink.
3. Do not reach for the appliance if it has fallen into water.
4. Do not spray or apply wet styling aids directly onto the Dafni brush

WARNING – To reduce the risk of burns, electrocution, fire, or injury to persons

As with most electrical appliances, electrical parts are electrically live even when the switch is OFF. To reduce the risk of electrocution:

1. Only use with 120V, 60 Hz power supply.
2. The appliance should never be left unattended when plugged in.
3. Never operate this appliance if it has a damaged power cord or plug, or if it is not working properly.
4. If the power cord or plug is damaged, it must be replaced by its service agent or similarly qualified persons in order to avoid a hazard.
5. Failure: in the unlikely event of a control system error, the heaters will be turned OFF, the Dafni brush will emit rapid tones and the lights will flash RED Green continuously. In this case immediately disconnect the power and contact Dafni Customer Service for advice.
6. Keep the power cord away from heated surfaces.
7. Do not wrap the power cord around the appliance.
8. Do not hang the Dafni brush by the power cord.

9. Always unplug the Dafni brush immediately after using.
10. Do not use an extension power cord with this appliance.
11. Do not use a voltage converter or generator with this appliance.
12. Your Dafni product is a class II electrical appliance and should not be connected to an earth connection.

Warning: hot surfaces

The Dafni brush heater is hot for effective styling . To reduce the risk of burns:

1. NEVER touch the ceramic surface.
2. When not styling always lay the Dafni brush on a flat heat resistant surface.
3. Never place it on a soft surface, such as a bed or couch.
4. Never use while sleeping.

5. When styling is complete, always switch OFF the Dafni brush and unplug it from the power supply.
6. Wait for the Dafni brush to cool before storing.
7. Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities.
8. When the Dafni brush has cooled, fold the power cord in the same way as it was first delivered in its packaging. Do not wind it around your hand or the body of the Dafni brush.

User-maintenance instructions

Cleaning your Dafni brush

1. Unplug the Dafni brush from the mains power supply.
2. Always allow the Dafni brush to cool before attempting to clean it.
3. Never immerse the appliance in water.
4. Wipe the outside of the Dafni brush with a damp cloth.
5. Do not use sharp or abrasive detergents or corrosive products.

Storage

1. Always allow the Dafni brush to cool down before storing away.

2. When the Dafni brush has cooled down, fold the power cord in the same way as it was first delivered in its packaging. Do not wrap the supply cord around the Dafni brush as this can strain the cord and cause premature supply cord failure.

Failure to operate

Dafni styling appliance is a high performance product and if the unit is subjected to large fluctuation in mains power during use it may go into fail-safe mode to protect the unit from damage. Therefore, in the unlikely event that your Dafni product does not operate correctly, check that your Dafni product and mains power supply are switched on, and that power is available.

If Dafni brush emits rapid tunes and the lights will flash RED Green continuously immediately disconnect the power and contact Dafni Customer Service for advice at dafnihair.com.

For UK plugs, please ensure that the fitted fuse is functioning; if it is not replace it with an identically rated British Standard Fuse.

If in doubt or for further advice, please visit the help section of Dafnihair.com or contact or contact Dafni Customer Service for further advice.

Manufacturer's guarantee

All Dafni electrical products are individually tested before leaving the factory. However in the unlikely event of the product proving defective due to faulty workmanship or materials, then, at its sole discretion, Dafni will repair or replace the product at no charge with an identical or equivalent product within the warranty period. A replacement product assumes the remaining guarantee of the original product. When a product is exchanged, any replacement item becomes your property and the replaced item becomes property of Dafni. To claim this guarantee please contact the authorized DAFNI retailer of which you purchased your DAFNI. For the full list of authorized retailers please visit dafnihair.com.

Please ensure that you include a proof of purchase with any returned product. Therefore please ensure you keep your proof of purchase in a safe place. This guarantee only applies to genuine Dafni products purchased through Dafni-approved stockiest, and does not cover products repaired or serviced by anyone other than Dafni personnel or Dafni representatives. Note that this guarantee may be invalidated where serial numbers or identification has been erased, damaged or modified. This does not affect your statutory rights. *If you do not have access to the internet please return your Dafni electrical product to the closest Dafni address as printed in this leaflet or on the packaging, together with your proof of purchase. You are entitled to a replacement

USER MANUAL - SAVE THESE INSTRUCTIONS

Ensure that hair is completely dry before using the Dafni brush.

1. Plug the power cord into the power supply. The Dafni brush will give a momentary tune and a short Red flash to indicate that it is now connected to power supply. Dafni brush is now in standby mode.

2. To turn ON the Dafni brush press the ON/OFF button once, Dafni brush will play two short tunes followed by RED light which pulse every second to indicate Dafni brush is heating up.
3. Dafni brush reaches the required temperature in around 60 seconds, Once the Dafni brush has reached operating temperature – the “Ready” tune will sound – these are 2 sequence tunes and brush lights will then illuminate continuously Green to indicate that Dafni brush is at its operating temperature and ready for use. DO NOT touch the hot brush heater ceramic surface!
4. When you have finished your styling session, press the ON/OFF button once to turn Dafni brush OFF. Three short shut down tunes will play and light will turn OFF to indicate the Dafni brush has been turned OFF. WARNING: Dafni brush heater ceramic surface are still very hot, do not touch the ceramic surface or allow children or those with reduced physical, sensory or mental capabilities, or lack of experience and knowledge to touch Dafni brush whilst it is cooling.

Dafni brush has the following safety features:

1. Sleep mode: if Dafni brush has been left ON and has not been used for more than 15 minutes it will automatically turn OFF into standby mode. Dafni brush heating

surface will then start to cool. The Dafni brush lights will turn OFF at the same time with three sequential tunes.

a. Note that although the Dafni brush is turned OFF, it is still connected to the mains and should be unplugged from mains electricity at the earliest opportunity. In this case a short Red will flash every two minutes as a reminder to unplug from electricity.

b. To re-start the Dafni brush while it is in cooling mode simply turn Dafni brush ON by pressing down the ON/OFF button.

2. Failure mode: in the unlikely event of a control system error, the heaters will be turned OFF, the Dafni brush will emit rapid tunes and the lights will flash RED Green continuously. In this case immediately disconnect the power and contact Dafni Customer Service for advice.

Handling your Dafni brush:

1. Never drop or insert any object into any opening or hose.
2. Do not paint your Dafni brush .
3. Do not disassemble your Dafni brush .
4. Do not use your Dafni brush if it has been damaged.
5. Do not place appliance on any surface while it is operating.

- 6.If your product is damaged through miss-use or abuse, this will not be covered under your guarantee. This does not affect your statutory rights.
- 7.The Dafni brush is not intended for use by children under 16 years old, persons with reduced physical, sensory or mental capabilities ,or lack of experience and knowledge unless they have been given supervision or instruction concerning the use of the appliance in a safe way and understands the hazards involved by a person responsible for their safety.
- 8.Cleaning and user maintenance shall not be undertaken by children unless supervised.
- 9.Children should be supervised to ensure that they do not play with this appliance.
10. Dafni brush should be used on dry hair only.
11. The Dafni brush is NOT suitable for use with synthetic hair or synthetic wigs.
12. This appliance has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.
13. Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered
